

I am a delivery-oriented software engineer who is eager to contribute to a high performing tech team. I have been a vital resource to small teams working on complex projects. I have been a catalyst that encourages both growth and work efficiency in new and existing code bases.

Core Competencies

- **Tools:** Git, IntelliJ, PHPStorm and Trello
 - **Languages & Frameworks:** Java, Spring, HTML, CSS, JavaScript, JSON, jQuery, Php, Fat-Free and MYSQL
 - **CS Fundamentals:** Object-Oriented Programming, Data Structures and Algorithms
 - **Agile:** Scrum, Sprint planning and Pair Programming
-

Project & Work Experience

- Full Stack Developer | Wealth in Society 09/2020-Current
- Created an e-commerce site for WIS, a small local apparel startup. Customers can view new and upcoming apparel. As well as submit a detailed order form to complete their purchases.
- URL: <http://wealthinsociety.com/>
- Full Stack Developer | IT Connect 04/2020-08/2020
- Worked with a client to create a web app to empower Green River students looking for internships, events, and blog posts from faculty. Implemented an editor to update content with UX in mind which empowered non-tech staff to contribute.
- URL: <https://www.itconnect.greenrivertech.net/>
- Full Stack Developer | I D.A.Y Dream 09/2019-2020
- Worked with a team at Green River College to create web forms, admin tools, and data management system for both volunteers and admins using PHP, MySQL, Html, and JavaScript.
- URL: <https://www.idaydream.org/>
- Information Technology Internship | Kent School District Summer 2019
- Collaborated with a dedicated team, duties included getting a testing area set up, mirroring computers, and disassembling equipment. I had a fun experience being an intern in the TSS (Technology Support Services) side of IT.
- Telecommunications Mobile Expert | T-Mobile 05/2017-Current
- Worked in sales and provided excellent customer service to the customers. I am a senior sales representative that has both industry knowledge and a hard work ethics. Over time I have worked with the higher-ups to innovate new ideas and solutions to improve work efficiency.
-

Leadership

- Vice President | Board Masters 05/2017-Current
- Organized and planned club activities to prepare the students for technical interviews.
 - Training and developing skills such as whiteboard, presentation, and communication.
 - Practiced problems from well-known sources such as HackerRank and Cracking the Coding Interview.
-

Education

- College | Green River College 06/2017-06/2021
- BS - Bachelor's in Software-Development
