WORK EXPERIENCE

Full Stack Developer | I Urban Teen | Feb 2021 – Jun 2021 | WA
- Built a file upload system that tracked zoom attendance data to help track student participation.
- Converted manual data entry to an automated single-click action using JS, PHP, and MySQL.
- Helped administrators save on average 30+ minutes per session by using the uploader.

Full Stack Developer | **Wealth in Society** | **Oct 2020 – Jan 2021** | **WA**
- Deployed an e-commerce site for a textile startup to showcase current and upcoming merchandise.
- Used the standard web development stack such as HTML, CSS, JS, and jQuery.
- Helped clients create a cost-efficient and professional platform to better showcase products.

Full Stack Developer | **I D.A.Y Dream** | **Apr 2019 – Aug 2020** | **WA**
- Create custom forms, admin tools, and data management for users and volunteers on the back end.
- Redesigned existing site using PHP, MySQL, and jQuery.
- The organization was able to double volunteers and students involved in the program thru the user forms.

Full Stack Developer | **IT Connect** | **Apr 2020– Sep 2020** | **WA**
- Created a platform for Green River students looking for internships, events, and blog posts from faculty.
- Implemented an editor to update content with UX in mind which empowered non-tech staff to contribute.
- Used APIs to self-update content from meetup.com and medium.com.

EXTRACURRICULARS

Vice President | **Board Masters** | **May 2017– Present** | **WA**
- Organized and planned club activities to prepare the students for technical interviews.
- Training and developing skills such as whiteboard, presentation, and communication.
- Practiced problems from well-known sources such as Hacker Rank and Cracking the Coding Interview.
- Helped three classmates find an internship.
